WEB DEVELOPER

PROFESSIONAL EXPERIENCE

- Present
2016

WEB DEVELOPER
Speedway Collective: Web App | <https://speedwaycollective.com/>
Created MySQL queries to calculate a variety of racing statistics, scoring and results, as well as user authentication with SSL. Grew user base from 0 to 100+ members 1 month after launch. Implemented dynamic features such as a blog, message boards, user profiles, league creation, and an admin panel using PHP, JavaScript with Ajax, and MySQL.
- Jan 2018
June 2017

FRONT-END WEB DEVELOPER / CASE MANAGER
at Net Driven
Scranton, PA / Remote

Contribute to creation of new websites while updating existing sites on the DotNetNuke platform using HTML, CSS and jQuery within Adobe Dreamweaver. Design web banners, CTAs, and edit client photos in Adobe Photoshop. Communicate with Customer Relations through Salesforce platform to manage web-related cases and tasks.
- Oct 2017
May 2017

GRAPHIC DESIGNER
at Diamond Warranty
Wilkes-Barre, PA / Remote

Design automotive promotional and marketing materials for digital and print mediums. Designed a "Now Hiring" job posting in Adobe Illustrator, leading to the hiring of two Sales members. Utilized Adobe Photoshop for website and social promotions, and Adobe Illustrator and Adobe InDesign for flyers, brochures and magazine advertisement designs.
- Present
July 2014

OUTBOUND SUPERVISOR
at United Parcel Service
Taylor, PA

Lead a team by coordinating objectives, tasks and goals for each employee to optimize productivity while ensuring all employee and production requirements are met. Coordinate plan and structure of outbound section to ensure feeder drivers meet their departure times and building has minimal downtime throughout the night.
